

Dear Parents,

I commend you on your decision to provide the priceless gift of a Catholic education for your child at Scotus Central Catholic High School. I also want you to know that you have many partners who will help you pay for the real cost of a Scotus education. The projected **cost to educate each student** at Scotus for the 2023-2024 school year is **\$9,500.00**. It is estimated to be funded as shown below:

Parent Share of Tuition	\$3,800.00
Fund-Raising/Endowment	\$3,360.00
3-Parish Tuition Assistance	<u>\$2,400.00</u>
Cost to Educate	\$9,500.00

The parent portion is approximately 40% of the full tuition. The other 60% is covered by parish assistance and the fundraising efforts of our school. Since our parishes provide such outstanding support, it is strongly encouraged that our Scotus families give regularly to their parish Sunday collections. Also, because fund-raising helps keep tuition costs down, I hope you will answer “Yes!” when asked to help with any of the school’s fund-raising activities. Your involvement will make a difference and help keep the cost of Catholic education affordable.

I thank you for choosing Scotus Central Catholic, and I am confident your child will enjoy the faith development, quality education, and extra-curricular opportunities they will experience here!

Sincerely,

Jeff Ohnoutka
Executive Director
Columbus Catholic Schools
